Concord, Mass.

EVELYN KIRTLAND

A Message to Gladiolus Lovers:

GHE Gladiolus is now a great factor in any gardening scheme, and the demand is greater each year. The remarkable gain in popularity which this wonderful flower has made in recent years is due in a large measure to the appreciation it has won in the minds of flower-loving people, as a cut flower and as a garden flower. The easy culture appeals to all and there is no other flower that gives such a limitless array of color and shade of colors.

You cannot get any plants more profuse in worthwhile bloom, nor can you find any flowers superior for cutting. Spikes placed in water will bloom for weeks at a time, while those in the garden will flourish over a long period.

INSTRUCTIONS FOR PLANTING GLADIOLUS BULBS

Gladioli are very easy to grow and will do well in almost any ordinary garden soil. If planted in the richest place of garden and given plenty of sun and moisture, they will, however, repay you with extra-large blooms and gorgeous colors.

To obtain a continuation of blooms during the greatest part of the season, it is advisable to plant at intervals of ten days, from the middle of April until the end of June.

Plant the bulbs 4 inches deep in heavy soil and 5 or 6 inches deep in light soil. To get your soil in good condition it will be necessary to spade deep and pulverize thoroughly. It is preferable to work in stable manure in the fall if possible. If not, it is advisable to use fertilizer or bone meal in the spring, such as is used for growing potatoes, being careful to mix the fertilizer well with the soil so that the bulbs will not come in direct contact with it.

Many people make the mistake of planting the bulbs too shallow, making it necessary to stake or tie up the flowers during the blooming time. This will not be necessary if my instructions for deep planting are followed.

I shall be very glad to have you visit my fields during the blooming season. My fields are at their best during the last of August and up to the middle of September.

I shall also be glad to furnish you with any other information you may require to grow Gladioli successfully.

TO OWNERS OF COUNTRY HOMES

Names and addresses of competent superintendents and gardeners, wishing to obtain positions, are kept on file at my office. You are invited to use these records in securing a man whose references bear a thorough investigation.

There are no charges connected with this service.

PLEASE NOTE

All bulbs offered in this catalog are of excellent quality and will produce blooms the first season.

Remittance. May be made by Express Money Order, P.O. Money Order, check or cash.

Terms. All orders accompanied by remittance will be sent PREPAID. Thirty days' credit will be allowed to customers of approved financial standing.

PLACE YOUR ORDER EARLY

It is to your advantage and to mine to place your order as soon as possible after receiving this catalog. Please state whether you want the bulbs sent to you at once or at the proper time for planting. All orders received before March 1 will be held until time for planting when all danger of freezing in transit has passed, unless immediate shipment is desired; in which case the bulbs will travel at purchaser's risk against frost.

Exhibition Mixture, consisting of high-grade varieties, selected very carefully with the purpose of securing a well-balanced combination of colors. 5 cts. each, 50 cts. per doz., \$4.00 per 100.

NAMED VARIETIES OF PRIMULINUS TYPE

Not enough can be said about these beautiful strains of Gladioli. The flowers are very graceful, having retained all the daintiness of their Primulinus parents, even to the hood formed by the drooping of the upper petal. No other race of Gladioli contains such varied and beautiful tints of yellow, orange, saffron, and pink. The stems are slender but strong and tall. One bulb will often produce several flower spikes, thereby prolonging the flowering season considerably. They are especially fine for dainty decorations.

The following is a choice selection from some of the very distinct new strains.

	Each	Doz.	100
Alice Tiplady. A grand, large Primulinus of most beautiful orange saffron color. Very choice.....	\$0 18	\$1 75	\$12 00
Butterfly. Very strong and vigorous. Large, pale, salmon yellow, ruffled flowers.....	15	1 50	10 00

Leading varieties of Primulinus type continued on page 17

Biana (Hybrid Cactus). A new Cactus Dahlia of large size and splendid form. Coloring is beautiful rose lilac with white shadings and bloom is held perfectly erect on strong, stiff stems. Free flowering. An early and continuous bloomer.....	1 00
Caecilia (Peony). Gigantic Holland Peony-flowered Dahlia. A magnificent flower of great individuality; one that will give perfect satisfaction. A wonderfully large creamy-white flower.....	35
Delice (Decorative). The brightest pink Decorative Dahlia in existence. Its flowers are of good size and produced on very long stems well above the foliage. In color, a charming bright rose-pink, suffused with lavender-pink.....	50
Earl of Pembroke (Hybrid Cactus). Bright plum color; large, bold flower.....	25

See page 20 for special offers of Gladioli

NAMED DAHLIAS—*continued*

Ellen E. Kelly (Peony). Lemon yellow flowers produced abundantly on long stems.....	Each \$0 50
Flamingo (Decorative). Extra fine pink.....	35
Floral Park Jewel (Show). Beautiful red.....	25
Frank A. Walker (Decorative). A charming shade of deep lavender-pink. For garden decoration or for cut flowers this variety is exceptionally good, having long stems and producing flowers in great abundance.....	35
F. W. Fellows (Cactus). A moderately Incurved Cactus of large size. The petals are long, narrow and tightly quilled. In color, it is a bright orange-scarlet. Considered one of the best of the true English-Cactus type, and worthy of a place in every garden.....	1 00
George Walters (Hybrid Cactus). A wonderful Hybrid Cactus Dahlia of gigantic size, one of the very largest and finest on the market. In color, a beautiful shade of salmon-pink artistically blending to old gold. Its flowers are perfectly formed, of very good substance, and produced on exceptionally long stems, well above the foliage. A strong, sturdy grower and equally desirable for either exhibition, garden or cut-flower purposes.....	75
Henry Lindhurst (Decorative). Beautiful scarlet..	25
Jack Rose (Decorative). The identical shade of the rose with the same name. This variety is exceedingly free, carrying fairly large flowers on very erect stems in great abundance.....	25
J. H. Jackson (Cactus). The very finest dark Cactus Dahlia at a moderate price. A very satisfactory all-round Dahlia, one of the most prominent for garden decoration and superb as a cut-flower variety. In color, a perfectly gorgeous, deep velvety, blackish maroon. A flower of large size.....	52
Latona (Cactus). One of the favorite autumn shades that is extra fine for cut-flower purposes. In color, an unusual blending of orange, buff and yellow. It produces its flower very abundantly and perfectly erect, on stems as stiff as cane.....	1 00
Libelle (Cactus). Clear, deep rose-purple.....	25
Madonna (Decorative). An exceptionally good all-around dahlia, excellent for cut-flower purposes, and one of the most satisfactory in the garden. The flowers are borne in a miraculous profusion, upon long, graceful stems of wiry stiffness, making it one of the most desirable. Its color is a very beautiful white, slightly tinted a most delicate shade of lavender-pink. The shape of the flower is very original; each petal curling and twisting in a very pleasing manner.....	75
Mina Burgle (Decorative). Color, a glowing and most brilliant scarlet. The flowers are of perfect decorative type and are borne upon long, wiry stems well above the foliage. Attracts universal attention.....	50

See page 20 for special offers of Gladioli

NAMED DALLIAS—*continued* Each

Mme. Van Bystein (Peony). A very distinct and new shade, lilac-blue throughout. Plants tall and sturdy, holding blooms well above the foliage. Large and fine. An early and abundant bloomer..	\$0 50
Mrs. Bowen Tufts (Peony). Deep rosy-purple blossoms, produced well above the foliage upon long, graceful stems. The habit of the plant is excellent, flower stems being long and the bushes tall and exceptionally sturdy.....	25
Oregon Beauty (Decorative). Intense Oriental red with golden sheen and garnet suffusion.....	50
Patrick O'Mara (Decorative). The color is an unusually soft and pleasing shade of orange-buff slightly tinged Neyron rose. Good keeping qualities	1 00
Pierrot (Incurved Cactus). A unique and striking novelty in color, of unusual grace and refinement of form, being composed of very long, tubular narrow petals, which are of a deep amber or orange-buff color, occasionally showing white tips.....	1 00
Pride of California (Decorative). Called the "American Beauty" Dahlia. Huge crimson red flowers produced on long, straight stems.....	1 00
Purity (Cactus). This variety is very appropriately named as it is a pure glistening white, of sterling quality. An early, continuous and abundant bloomer, recommended for cut-flower or garden purposes.....	1 00
Salvator (Peony). Deep rose-pink blossoms, plants of medium height, and edges of petals are of a curling nature, giving the flower an entirely original appearance.....	50
Storm King (Show). The most reliable White Show Dahlia to date. Color, a pure white. Flowers produced on good stems, well above the foliage. Free-flowering.....	25
Vivian (Decorative). Color, white, effectively edged rose-violet. An extremely wonderful blending of color possessed only by the rare novelties.....	25
Wodan (Hybrid Cactus). Large flowers of a beautiful salmon-rose color, shading to old gold in the center. Strong stems, and an abundant bloomer..	75
Wilhelm Miller (Decorative). Very brilliant purple.....	25
Yellow King (Hybrid Cactus). Pure yellow shading to lighter, almost white, at tips of petals. Stems long and rigid. Prolific bloomer. Showy.....	50
